

MISSION STATEMENT:

To provide a forum for the collision repair industry to share information, best practices and a means to develop solutions to common national issues and challenges.

Maple Leaf Sponsor Program 2010 & Sign Up Form

The Canadian Collision Industry Forum (CCIF) was formed from a national gathering of collision repairers, insurers, trainers and suppliers who wanted positive change in their business and their industry. These people are industry stakeholders, like you, whose business and personal success depends in some way on the collision repair industry.

As a forum for industry stakeholders from coast to coast, CCIF provides opportunities to address the key industry issues that matter to you. It does this through:-

- MEETINGS - Three CCIF meetings a year in different cities across Canada.
- CO-OPERATION - Sharing ideas with local trade associations.
- INFORMATION SHARING - Presentations from inside and outside the industry on issues that matter both at individual level and industry level.
- FOCUS - On issues that impact the industry as a whole, but which are relevant to many individual businesses, e.g.:-
 - People Issues
 - Profitability
 - Technology Developments
 - Parts & Materials Issues
 - Process & Innovation
 - Insurance Relations

What is a Maple Leaf Sponsor?

- A CCIF Maple Leaf Sponsor is a specific individual committed to supporting initiatives to improve the success, profitability and image of the collision repair industry.
- A CCIF Maple Leaf Sponsor understands that CCIF needs consistent and regular funding support to succeed in its goals.
- A CCIF Maple Leaf Sponsor is a positive individual who recognizes that change comes from participation, communication and action, not from complaining that “*someone should do something.*”
- A Maple Leaf Sponsor may or may not have the time to get closely involved in CCIF committee work or be able to attend all the meetings. Sponsorship shows a commitment of support that will be acknowledged by industry peers.
