

Parts & Materials Halifax 2004

Mandate Topic: To revisit the Calgary initiative focusing on standardization of recycled parts descriptions.

Parts & Materials Halifax 2004

Key Benefit: Consistency of recycled parts descriptions amongst the Recyclers, Insurers and Collision Repair Facilities.

Parts & Materials Halifax 2004

Actions: 1: Clarify existing standards (ARA and CEICA) with a view to determine the “Best Practices” to implement them.

2: Poll Insurers, Recyclers and Collision Repairers for Best Practice recommendations.
